

'JTS/9' Universal Screw Socket (1/2" Square Drive)
(53485-85)

Material: Steel Casting
Length: 68mm

The **JTS/9 Universal Screw Socket** has been designed to be used with the SED patented M16 & M18 universal multi shear screws, the tool ensures that the screw will always shear flush with the connector body.

The **JTS/9 Socket** has been designed to be used with 1/2" square drive ratchet tools.

Operating Instructions:

1. It is vitally important that the 'JTS/9' socket collar remains in contact with the connector body at all times.
2. Using the JTS/9 socket torque tighten the shear screws at approximately 1 revolution at a time, until all the screws have sheared.
